

Unlock Your Child's Learning Potential K-6 (Volume 1)

The new and exciting book offers a welcome change of pace from the boring, note drills, generic-type skill practice, and routine worksheets that children often get tired of doing. Rather, it consists of an abundance of varied reinforcement exercises that are readily adaptable to most new subjects introduced in the classroom. These activities are primarily intended for the teacher to use as an additional review source and for the parent to continue the learning process at home. This simply structured book has explanations and directions in outline form which are then followed by clear cut examples. The book covers reading, vocabulary, months of the year and days of the week, oral reading, reading comprehension, dictionary skills, spelling, written expression, handwriting, visual learning, auditory learning, map reading, studying and taking tests, and more.

Marlynns R.

" Undeniably the best chiropractic care I've received to date. So happy to have you as my care team!!! "

Dan L.

" It's been about four months since I started it and I have never felt better. It's really ideal having a pain treatment doctor that knows what he's doing and does it so expertly."

Christina C.

" My car accident took place less than a block from my home. I went to a 1800SOSPain pain center a couple days later.

The treatment, the staff & Dr. Tommy was amazing."
