

The Interior Circuit: A Mexico City Chronicle

Coming off the most successful book of a decorated career Say Her Name The Interior Circuit is Francisco Goldmans timely and provocative journey into the heart of Mexico City. The Interior Circuit is Goldmans story of his emergence from grief five years after his wifes death, symbolized by his attempt to overcome his fear of driving in the city. Embracing the DF (Mexico City) as his home, Goldman explores and celebrates the city, which stands defiantly apart from so many of the social ills and violence wracking Mexico. This is the chronicle of an awakening, both personal and political, interior and exterior, to the meaning and responsibilities of home. Mexicos narco war rages on and, with the restoration of the Institutional Revolutionary Party (the PRI) to power in the summers 2012 elections, the DFs special apartness seems threatened. In the summer of 2013, when Mexican organized crime violence and death erupts in the city in an unprecedented way, Goldman sets out to try to understand the menacing challenges the city now faces. By turns exuberant, poetic, reportorial, philosophic, and urgent, The Interior Circuit fuses a personal journey to an account of one of the worlds most remarkable and often misunderstood cities.
