

Vers une communication Homme-Animal-Machine ? : Contribution interdisciplinaire (Echanges) (French Edition)

Cet ouvrage se situe dans le prolongement du volume (Interactions et Intercompréhension : une approche comparative, EME Editions, Collection Echanges, 2013) qui interrogeait les notions d'acceptabilité et d'intercompréhension entre l'homme, l'animal et la machine. Nous poursuivons ici ces interrogations et enrichissons la réflexion autour de la question d'incertitude en termes d'implications théoriques et méthodologiques pour optimiser à la fois l'intercompréhension et la connaissance scientifique interdisciplinaire. Chacune de ces contributions porte sur des terrains d'observation actuels et certains auteurs nous livrent les premiers résultats de programme de recherche financés.

Marlynns R.

" Undeniably the best chiropractic care I've received to date. So happy to have you as my care team!!! "

Dan L.

" It's been about four months since I started it and I have never felt better. It's really ideal having a pain treatment doctor that knows what he's doing and does it so expertly."

Christina C.

" My car accident took place less than a block from my home. I went to a 1800SOSPain pain center a couple days later.

The treatment, the staff & Dr. Tommy was amazing."
