

## Middle Class Families (International Library of Sociology)

As increased access to employment and educational opportunities brought dramatic changes to women's lives, sociologists began to look at the effect of women's changing roles on their children and families. Based on empirical investigations and personal experience, the studies included in *The Sociology of Gender and the Family* set of the International Library of Sociology set out to establish patterns and regularities in social behaviour, and to understand the social roles of kinship groups, mothers, wives, children and the elderly.

" Undeniably the best chiropractic care I've received to date. So happy to have you as my care team!!! "

Dan L.

" It's been about four months since I started it and I have never felt better. It's really ideal having a pain treatment doctor that knows what he's doing and does it so expertly."

Christina C.

" My car accident took place less than a block from my home. I went to a 1800SOSPain pain center a couple days later.

The treatment, the staff & Dr. Tommy was amazing."
