

Personhood: A Pragmatic Guide to Prolife Victory in the 21st Century and the Return to First Principles in Politics

History will one day look upon the movement to affirm the personhood of unborn children in the same way we now look upon the abolition of slavery and the end of the Holocaust. Dan Becker has been a reliable and principled voice for the unborn. His book advancing personhood for the most vulnerable among us is like a sound of the trumpet that will reverberate throughout time. The Holocaust of the unborn is the darkest chapter in American history and Dan Beckers book is a call to turn the page and restore a culture of life. It is a must read. Mathew D.
