

Saxon Phonics K: Complete Homeschool Kit First Edition

Begins by working with auditory discrimination skills to determine whether your child is aware of the different sounds of the English language. Then the sound, name, and written form of each letter are taught. Plenty of time is scheduled for each letter as it is taught, and consistent review ensures mastery learning. After learning three letters, your child will begin blending sounds to create words and unblending words to spell. Games and activities are provided for remediation, reinforcement and motivation; and there are oral assessments to monitor progress.
