

The Visitor: Reveals the Steps to Happiness

Life is good for Jeff as he rolls along with all of the wrong thoughts and goals in life. He has fallen prey to the conventional wisdom of they, of them, of a standard that truly doesn't matter although he is sure it does. Tragedy strikes and when he is at his most vulnerable state of mind, looking for answers but not realizing it, the visitor introduces himself. Almost as shocking as the relationship they form, are the lessons he learns of an age-old philosophy from a man who has lived it.
